Conservation Plan

RED HAW INC
PO BOX 879
CHARITON, IA 50049

OBJECTIVE(S)

To establish and maintain native grasses in accordance with CP-2 guidance.

Access Control(472)

Exclude livestock from wildlife food plots. Vehicle traffic is limited to equipment used for the planting and maintenance operations of the food plot.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	3	1.08 ac	10	2017		
11344	4	1.08 ac	10	2017		
11344	5	1.03 ac	10	2017		
11344	6	1.09 ac	10	2017		
Total:		4.28 ac				

Access Control(472)

These acres are part of a CRP Contract. Exclude livestock, vehicles, and/or equipment from the contract area to protect and maintain the vegetative cover. CRP acres will not be used as a lane or road. Equipment storage is not allowed on CRP acres. Physical barriers may need to be installed to apply this practice. Refer to the Access Control (472) job sheet.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	1	96.90 ac	10	2017		
11344	2	20.12 ac	10	2017		
Total:		117.02 ac				

Conservation Cover(327)

These acres are part of a CRP Contract. Establish and maintain perennial vegetative cover to accomplish one or more of the following purposes: reduce soil erosion and sedimentation, improve water quality, create or enhance wildlife habitat. Refer to the conservation plan map for location(s). Seeding, establishment and management details are located on the seeding plan (IA-CPA-4), Conservation Cover (327) job sheet and other approved guidance. Seeding a nurse crop may be beneficial during the establishment period. Nurse crops such as oats must be mowed or clipped prior to seed maturity. Failure to follow the seeding and establishment guidance may result in the denial of cost share until requirements are met.

Operation and Maintenance:

Noxious weeds and other undesirable plants, insects, and pests shall be controlled, including such maintenance as necessary to avoid an adverse impact on surrounding land. Refer to practice standard Herbaceous Weed Control (315). After the establishment period, spot mowing, burning, hand pulling or spot herbicide treatment shall be used to control weeds and other undesirable plant growth. Starting in year 3, no mowing, spraying, or burning will be allowed during the primary nesting season (May 15 through August 1), unless permission is granted by the FSA County Committee. Approved cover type according to the CRP contract must be established and maintained for the length of the contract period.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	1	96.90 ac	10	2017		
11344	2	20.12 ac	10	2017		
Total:		117.02 ac				

Herbaceous Weed Control(315)

Control herbaceous weeds including invasive, noxious or prohibited plants in order to establish and maintain the approved CRP cover type. All volunteer trees and shrubs must be controlled. Weed control methods include mowing, herbicide application, prescribed burning, hand pulling or other acceptable means on areas enrolled in CRP. If applying herbicides on grass and forb mixtures use techniques such as spot treatment, timing and selective herbicides that target the weed. Reseed after herbicide treatment to maintain the contracted cover type when necessary. Treatment methods will comply with all local, state and federal laws and ordinances. During years 1 and 2 of the contract, CRP areas must be mowed to control weeds. 3-4 mowing operations are needed the first year (seeding year) and 1-2 mowing operations are needed the second year to establish native plants. Establishing introduced grass stands may not require as much mowing. Starting in year 3, no mowing, spraying, or burning will be allowed during the primary nesting season (May 15 through August 1), unless permission is granted by the FSA County Committee. Mowing for cosmetic purposes is not allowed at any time. Contact your local FSA office for details.

Operation and Maintenance:

Following initial treatment, some regrowth, re-sprouting, or reoccurrence of herbaceous weeds may be expected. Spot treatment of individual plants or areas needing re-treatment will be completed as needed when weed vegetation is most vulnerable to desired treatment procedures. Reseed spot treatment areas as needed to maintain the contracted cover type. Refer to Herbaceous Weed Control (315) job Sheet for further details.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	1	96.90 ac	10	2017		
11344	2	20.12 ac	10	2017		
Total:		117.02 ac				

Herbaceous Weed Control(315)

Control herbaceous weeds including invasive, noxious or prohibited plants on wildlife food plot acres. Treatment methods will comply with all local, state and federal laws and ordinances.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	3	1.08 ac	10	2017		
11344	4	1.08 ac	10	2017		
11344	5	1.03 ac	10	2017		
11344	6	1.09 ac	10	2017		
Total:		4.28 ac				

Upland Wildlife Habitat Management(645)

Annually planted food plots are included as part of the CRP contract. See attached Food Plot job sheet for seeding and management details. If the food plot is relocated, the producer is responsible for notifying FSA and consulting with NRCS to update the conservation plan. When a food plot is relocated, re-seeding the abandoned food plot area is the responsibility of the CRP contract holder at his/her own expense to the approved permanent vegetative cover. Seeding plan must be developed with NRCS before re-seeding.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	3	1.08 ac	10	2017		
11344	4	1.08 ac	10	2017		
11344	5	1.03 ac	10	2017		
11344	6	1.09 ac	10	2017		
Total:		4.28 ac				

Upland Wildlife Habitat Management(645)

Create, maintain, or enhance habitat suitable for sustaining desired wildlife communities. Mid-Contract Management (MCM) will be conducted on Conservation Reserve Program (CRP) acres once during the contract period. Established vegetation will be disturbed with tillage, herbicide application, prescribed burning or interseeding in order to maintain an early successional stage. Mid-Contract activities are not to be completed during the primary nesting season (May 15 - August 1). Refer to Mid-Contract Management job sheet for details.

Tract	Field	Planned Amount	Month	Year	Applied Amount	Date
11344	1	40.50 ac	5	2021		
11344	1	39.00 ac	5	2022		
11344	1	17.40 ac	5	2023		
11344	2	20.12 ac	5	2023		
Total:		117.02 ac				

DO NOT REMOVE THE FOLLOWING STATEMENT:

This document is a Conservation Reserve Program (CRP) Plan provided per Farm Service Agency's request. To obtain a complete conservation plan, contact the Natural Resources Conservation Service.

By signing this I hereby authorize the release of my CRP plan that is in the custody of the United States Department

PUBLIC BURDEN STATEMENT

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collections is 0578-0013. The time required to complete this information collection is estimated to average 45/0.75 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection information.

PRIVACY ACT

The above statements are made in accordance with the Privacy Act of 1974 (5 U.S.C 522a). Furnishing this information is voluntary; however failure to furnish correct, complete information will result in the withholding or withdrawal of such technical or financial assistance. The information may be furnished to other USDA agencies, the Internal Revenue Service, the Department of Justice, or other state or federal law enforcement agencies, or in response to orders of a court, magistrate, or administrative tribunal.

USDA NON-DISCRIMINATION STATEMENT

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers. If you believe you experienced discrimination when obtaining services from USDA, participating in a USDA program, or participating in a program that receives financial assistance from USDA, you may file a complaint with USDA. Information about how to file a discrimination complaint is available from the Office of the Assistant Secretary for Civil Rights. USDA prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex (including gender identity and expression), marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) To file a complaint of discrimination, complete, sign, and mail a program discrimination complaint form, available at any USDA office location or online at www.ascr.usda.gov, or write to:

USDA Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW.
Washington, DC 20250-9410

Or call toll free at (866) 632-9992 (voice) to obtain additional information, the appropriate office or to request documents. Individuals who are deaf, hard of hearing, or have speech disabilities may contact USDA through the Federal Relay service at (800) 877-8339 or (800) 845-6136 (in Spanish). USDA is an equal opportunity provider, employer, and lender. Persons with disabilities who require alternative means for communication of program information (e.g., Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).
